Memo to File:

Re: Jerry Stocks
Bridger Jack Mesa Mine
DOE/037/001
San Juan County
ML-29399

FILE

This small uranium mining operation was inspected by Mike Thompson and Jim Smith on January 4, 1979. No activity was present on this date and no reclamation had taken place. The area looked, essentially, like it had on a previous inspection, June 28, 1978.
